

Florencia Manara

UX/UI Designer · UX Researcher

+ 54 9 280 4615133 | florenciamanara.ux@gmail.com | [Linkedin](#) | [Portfolio](#)

Profile

UX/UI Designer with 4+ years of experience in digital projects for companies such as OSDE, Telecom, Toyota, La Nación, and Sullair.

I combine user research and data analysis with creative design to uncover user needs, validate hypotheses, and turn business opportunities into intuitive and accessible experiences.

Work Experience

UX Researcher & UX/UI Designer | Agencia EGO | Feb 2022 - Present

Led and contributed to user-centered design projects for more than 5 brands across different industries, with a strong focus on research, strategy, and cross-functional collaboration.

- Designed user flows, information architecture, wireframes, and interactive prototypes.
- Conducted user research: interviews, usability testing, heuristic evaluations, and metrics analysis.
- Worked closely with developers, PMs, and UX/UI designers to implement design solutions.
- Facilitated discovery, ideation, and prioritization workshops using Design Thinking approaches.
- Planned tasks considering user impact and technical feasibility.
- Projects included clients such as OSDE, Telecom, Toyota, La Nación, Sullair, Komatsu, Comarb, and Movistar.
